

## **Baltic cooperation in Civics**

In 1995 by the initiative of the Civic Education Centre in Tallinn was arranged. A meeting of Civic Educators from the Baltic countries. It appeared to be the first meeting of professionals on the field after the collapse of communism in the region. In March 2002 the next meeting was initiated and arranged in Tallinn and Tartu for sharing information and experiences on the field of Civics. Both meetings - 1995 and 2002 - were supported by Open Estonia Foundation.

In 2003 the partners met by the invitation of the College for Democracy in March in Vilnius and in August by the invitation of Open Latvia Foundation in Sigulda (Latvia).
