

## **Conference "Education in Democracy, Democracy in Education"**

Arranged and self-financed in May 1997 by the Civic Education Centre outstanding conference was aimed to raise into the focus of society's interest the current processes in the development of education in Estonia. Among the 40 participants there were Members of Riigikogu, representatives of 5 political parties, representatives of the Ministry of Education, school headmasters etc. During the conference several issues of public interest and expectations towards the education were touched.

The conference earned lots of interest in the media – in the newspapers, radio and TV.
